1 HYGIENE

Prevents Nosocomial Infection: Effectively eliminates the possible risks of cross contamination related to electrodes use

2 GOOD ADHESION

An effective adhesion throughout the ECG procedure

3 TRACE QUALITY

Skin impedance is effectively and immediately reduced by using Tab Electrodes, giving instantaneous and reliable signal pick up

4 PATIENT COMFORT

Safe and comfortable for all patient types

5 EASE OF USE

Easy to place and remove, optimising the ECG Procedure and improving clinical workflows

6 COST EFFECTIVE

Design is optimized to ensure cost effectiveness, saving valuable resources of the hospitals
